New Delhi - 110016

Preface

The Department of Science & Technology (DST) is responsible for generation of a reliable Database on resources (both financial and human) deployed on research and development (R&D) activities by various types of institutions/industries in the country. In order to discharge such a responsibility effectively, a database on the contact addresses of institutions/industries is an essential pre-requisite. The Directory of R&D Institutions is mainly a spin-off publication of the in-house national R&D survey exercise ably supplemented by other secondary sources. The CHORD (NSTMIS), DST has been making continuous effort for updation of data on R&D institutions in the country.

The present Directory, eleventh in the series, provides a listing of 6862 R&D institutions with complete addresses arranged alphabetically by various S&T sectors. Details on various communication modes such as phone, fax, e-mail, website addresses have also been given, wherever possible. Every care has been taken to provide accurate information on the R&D institutions located throughout the length and breadth of the country. The scope and coverage of the present edition of the Directory has been enlarged with the addition of 161 Universities, 7 Agricultural Universities, 36 Institutes of National Importance, 106 Industries registered with Department of Scientific and Industrial Research and 747 Industries performing R&D activities taken from CMIE database not registered with Department of Scientific and Industrial Research.

The Directory of R&D Institutions is widely used by professionals engaged in policy making, planning, science, administration, industry, teaching and research apart from other stakeholders active in S&T sector in the country.

The Department acknowledge the efforts of Shri Rakesh Chetal, Manpower Management Centre (MMC), New Delhi for compilation of this directory under the supervision of NSTMIS. The response received from various central government scientific departments/agencies, research institutions both public and private and other stakeholders for providing valuable information in collation of the directory is also greatly acknowledged.

The Department would welcome any comments/suggestions to enrich this Directory, available online at www.dst.gov.in and www.nstmis-dst.org for the users.

August, 2018

(Dr. Parveen Arora)

ABOUT THE DIRECTORY

INTRODUCTION

The Department of Science & Technology (DST) has been compiling information on the communication modes for approaching Research & Development (R&D) organisation country since 1978 for conducting National level survey on resources (both financial and human) deployed on R&D activities. The present Directory contains information on the 6862 R&D Organisations in the form of addresses/Email /Website/Phone no. /Fax no. (E-Email, W-Website, P-Phone, F-Fax)

The term R&D institution, used in this Directory refers to either a national laboratory or a research institute or a research station or private and public sector in-house R&D unit or a not for profit Scientific and Industrial Research Organisation (SIRO) or an academic institution. The Organisations under various sectors mentioned above are not homogeneous and are of varied sizes in terms of infrastructure facilities and research inputs like manpower and expenditure etc. deployed on S&T activities.

ORGANISATION OF DIRECTORY

This Directory has been divided into three parts. Part-I of the Directory contains information regarding all R&D organisations/ institutions. The information in the Directory is arranged sector-wise and listing has been done alphabetically in the following manner.

1. Central Government R&D institutions

These institutions are divided into three broad groups viz. a) Major Scientific Central Government Ministries/Departments/Agencies (b) Other Central Government Ministries / Departments (c) Central Government Public Sector in-house R&D units.

Note: The classification of Major Scientific Agencies are based on two criteria (a) The nature of their activities being predominantly R&D and (b) The research input by them on R&D activities is sizeable .

(A) Major Scientific Agencies

The institutions under Major Scientific Central Government Ministries/Departments/Agencies are arranged alphabetically as given below:

- Defence Research and Development Organization (DRDO)
- Department of Atomic Energy (DAE)
- Department of Space (DOS)
- Indian Council of Agricultural Research (ICAR)
- Indian Council of Medical Research (ICMR)
- Ministry of Communications & Information Technology (MCIT)
- Department of Information Technology (DIT)
- Ministry of Earth Sciences (MOES)
- Ministry of Environment and Forests (MOEF)
- Ministry of New and Renewable Energy (MNRE)
- Ministry of Science and Technology (MST)
 - A- Council of Scientific and Industrial Research (CSIR)
 - B- Department of Biotechnology (DBT)
 - C-Department of Science and Technology (DST)

The Laboratories are arranged alphabetically under each agency. In case of Indian Council of Agricultural Research (ICAR) the earlier Directories included all India coordinated research projects (AICRP) which have been omitted from the present Directory as these projects form part of the already existing R&D institutions. Similarly, in the previous directories there were institutions which appeared at more than one place like Sree Chitra Tirunal Institute for Medical Sciences & Technology under DST and also under SIRO. This time such institutions have been recorded at one place depending generally on their affiliation.

(B) Other Central Ministries/Departments

The Ministries/Departments are arranged alphabetically. Also the organizations under their administrative control have been arranged in alphabetic order.

(C) Central Public Sector

The Central Government in-house R&D units of Public Sector Industries arranged under respective ministries/departments alphabetically are given separately under the title Central Public Sector.

2. State Sector

In State Sector, first the States have been arranged alphabetically. Further, within the State the R&D institutions have been presented in the order of Agricultural universities, Research Stations and State Government R&D institutions. The State Public Sector industries state-wise in alphabetic order in each state have been reflected separately under the title State Public Sector.

3. Academic Sector

Higher Education Sector comprising of Central, State, Deemed, Private universities with S&T faculty, and institutions of national importance have been listed alphabetically under the Higher Education Sector. All the State Agriculture Universities are included in the respective State Government list in the State Sector.

4. Scientific and Industrial Research Organisations

Scientific and Industrial Research Organisations (SIRO's) recognized by Department of Scientific and Industrial Research (DSIR) are arranged alphabetically under the title Scientific and Industrial Research Organisations (SIRO's).

5. Private Sector Industries

In- house R&D units of private sector industry recognised by Department of Scientific and Industrial Research (DSIR) are arranged alphabetically under the title private sector industry. This is followed by Industries performing R&D but not registered with DSIR. The details of such units have been taken from the Central Monitoring of Indian Economy (CMIE) database. These are also arranged in alphabetic order.

6. State-wise Index

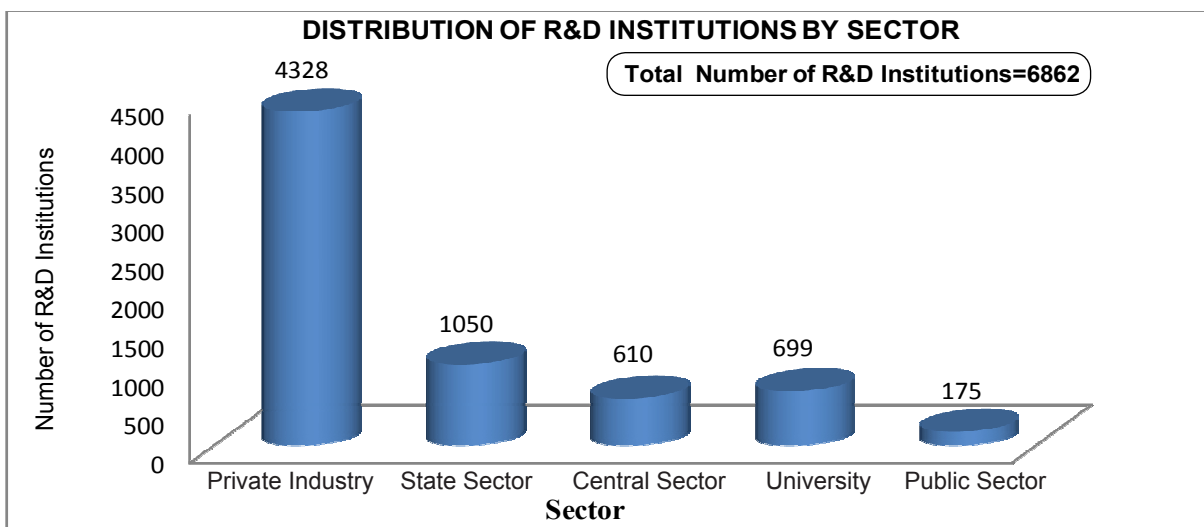

In **Part-II** of the Directory, R&D institutions located in various states have been presented state-wise and within the state sector-wise and further with in the sector alphabetically with record numbers to understand the distribution of R&D institutions of different sectors in states and union territories and to make the searching of institutions more easy.

7. Alphabetical Index

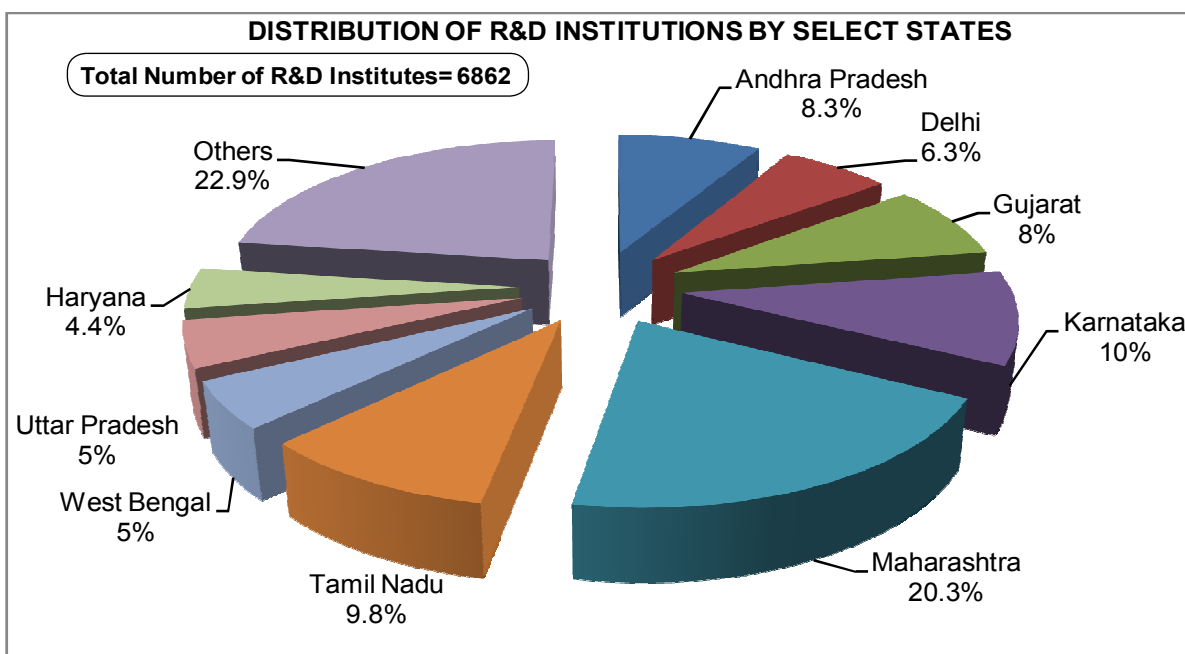

The names of all R&D institutions along with their respective record numbers as given in **Part-I** have been arranged alphabetically in **Part-III** of the Directory.

AN OVERVIEW

The Directory contains communication details of 6862 R&D institutions in the Country. The maximum number of R&D institutions 1392 (20.3%) are located in the State of Maharashtra. This is followed by Karnataka, Tamil Nadu, Andhra Pradesh and Gujarat with 685 (10.0%), 672 (9.8%) , 570 (9.7%) and 547 (8.3%) respectively. In case of Central Sector the maximum number of R&D institutions 70 (11.5%) are located in the State of Delhi. This is followed by Maharashtra and Karnataka with 66 (10.8%) and 59 (9.7%) of total Central Sector R&D institutions respectively. The share of various sectors in total number of R&D institutions is: Central Government 8.9%, State Governments 15.3%, Higher Education Sector 10.2% Private Sector including Scientific & Industrial Research organizations 63.1% and Public Sector Industry including State Public Sector 2.5%. The Sector-wise and State-wise number of R&D organisations are as follows.

- Note: 1. University comprises of Central, State, Deemed, Private Universities and Institutes of National Importance.
2. Private industry comprises of DSIR recognized in-house R&D units, Scientific and Industrial Research Organisations and Industries not recognized by DSIR performing R&D activities taken from CMIE database.
3. Public Sector Industries comprises of Central Public Sector and State Public Sector
